

Level I Certification Preparation Course (Instructed Online)

Course Description

This Alberta Water & Wastewater Operators Association (AWWOA) course is part correspondence and part in-class (four days of online instruction). It meets the mandatory Entry Level Training requirements as described by the Alberta Environment provincial certification guidelines and is worth **5 CEU's**.

The online instruction portion is split into two parts (two days each), and provides information on the operation of all Class I systems or facilities. It is also intended as preparation for the Level I Alberta Environment & Parks (AEP) certification exams.

There is **no cost** for Alberta First Nation's to register their operators and trainees into this online course!

This course will be instructed online by way of Zoom video call in. Course participants are required to be present online throughout the entire presentation and verification of presence will be at random. Participants who are unable to be online and present for the length of course instruction may not be eligible to receive the courses associated CEU's.

There will be short breaks throughout the day, along with a 1-hour lunch break, attendance will be conducted and recorded after every break.

The course's final exam will be proctored in person by either your Circuit Rider Trainer or Gerry Gusdal shortly after the completion of this course and within 7 days (pending COVID-19 restrictions).

Please note that completion of the NEW TSAG CRTP "Introduction to Water and Wastewater Systems" (IWWS) online course is now a prerequisite for enrolling into any TSAG CRTP/AWWOA Certification Preparation Courses such as this Level I Prep Course!

WHO SHOULD REGISTER?

- *Water / Wastewater System Operators with more than 6 months of operating experience.*
- *Experienced Water / Wastewater Operators that may need the course CEU's and have never taken this course before.*
